

IFS NETWORK · CREATIVE PRACTICE

Creative Exchange Circle

A space to connect, share, and explore creative approaches in community work, across the IFS network.

WHAT IS IT?

A small, informal circle for practitioners across the IFS network to share experiences, ideas, and creative practices from their work.

WHAT DO WE MEAN BY "CREATIVE"?

- Theatre or performance in community work
- Storytelling with participants
- Arts-based workshops & cultural activities
- Creative ways to build connection

"A simple storytelling activity quietly became a space where people began to open up, recognising shared experiences they hadn't found words for before."
